# Patio provides place TO UNWIND

Private residence, Trumbull, Connecticut  
Landscaping by Land Designs Unlimited,  
Trumbull, Connecticut

**T**he homeowners wanted a relaxing place to unwind after a busy day. Granite curbing (7 inches thick and 15 inches deep) was placed around the patio and had to be cut into five pieces to make the radius at the corners of the patio. The landscaper worked with a carpenter to install French doors leading from the house onto the patio, and a mason assisted with the installation of bluestone steps with fieldstone risers. Low-voltage lighting was added for atmosphere and easy access at night. **Price withheld by customer request.**
